

Statewise Agricultural Land

Area Vs Production

Production in tonnes region-wise	
----------------------------------	--

1 002 708 572

201 657 062 372

2 722 012 127

6 662 027 501

Q 724 006 128

Season: Summer

Crop	Percentage
Rice	66.51%
Moong (Green Gram)	7.92%
Maize	6.58%
Groundnut	6.67%
Bajra	5.18%
Urad	1.24%
Sunflower	0.85%
Sesamum	3.56%
Safflower	0.00%
Ragi	0.20%
Potato	0.12%
Onion	0.34%
Jute	0.00%
Jowar	0.15%
Dry chillies	0.08%
Banana	0.24%
Arhar/Tur	0.09%

3.5 billion people eat wheat

2.5 billion people eat rice

A treemap visualization showing the composition of the diet. The largest category is 'Other cereals' (yellow), which includes 'Rice' (a large red segment), 'Wheat' (a large orange segment), and 'Other cereals' (a smaller yellow segment). The 'Other pulses' category (blue) includes 'Soybean' (a large blue segment), 'Mung bean' (a smaller blue segment), and 'Other pulses' (a smaller blue segment). The 'Other oilseeds' category (orange) includes 'Mustard' (a large orange segment), 'Rapeseed' (a smaller orange segment), and 'Other oilseeds' (a smaller orange segment). The 'Other vegetables' category (green) includes 'Tomato' (a large green segment), 'Cucumber' (a smaller green segment), and 'Other vegetables' (a smaller green segment). The 'Other fruits' category (purple) includes 'Apple' (a large purple segment), 'Banana' (a smaller purple segment), and 'Other fruits' (a smaller purple segment). The 'Other' category (grey) includes 'Other' (a large grey segment), 'Other' (a smaller grey segment), and 'Other' (a smaller grey segment).
